About

Bella, but even more beautiful. We've enhanced and expanded an all-time F37 classic.

Our best just got better. F37 Bella was our very first font and is still one of our best sellers. Now, for 2020, we've given her a facelift, with refined, optimised proportions and plenty more weights to choose from. We've added true italics, enhanced OpenType features like swashes and huge language support, including Cyrillic and Greek alphabets.

The all-singing, all-dancing F37 Bella Pro is great for editorial, bringing a flowing drama and elegance to the page. The interplay of fracture-thin hairlines and pronounced curves adds endless charm and visual appeal.
