About

A friendly, slightly offbeat sans face with enough character and points of difference to stand apart.

F37 Gruffy takes inspiration from very early grotesque fonts. It's a friendly, curvy sans-serif that comes with bags of character. With its upward curly tails and slightly over exaggerated curves, F37 Gruffy is fun, impactful and distinctly modern. It can hold its own with the trendy geometric sans crowd, but has ideas of its own too.

F37 Gruffy comes in multiple weights and works well as a display face, but also provides reliable, readable body copy.

There is also a softer version called F37 Gruffy Soft which has subtle rounded edges creating a warmer touch.
