About

F37 Moon is a geometric sans font family featuring seven weights with italics. Inspired by classic sans-serifs such as Avant Garde and Futura, it has a big x-height for an ultra-clean, ultra-minimalist look. Really versatile and contemporary, the short ascenders and descenders create a compact and bold look.

Great in almost any context, F37 Moon is highly legible as text, but looks best as a display font in larger sizes. Curly punctuation alternates are found within the OpenType features.

Lorem Ipsum is simply dummy text of the printing and typesetting industry. Lorem Ipsum has been the industry's standard dummy text ever since the 1500s, when an unknown printer took a galley of type and scrambled it to make a type specimen book. It has survived not only five centuries, but also the leap into electronic typesetting, remaining essentially unchanged.
