About

F37 Neuro is inspired by neutral Swiss sans-serif fonts such as Akzidenz and Helvetica. But there's a British influence too, namely Edward Johnston's classic London Underground font. In fact, F37 Neuro's shape and structure is based around the contrasting, expressive curves and distinct straight edges of Johnson's masterpiece.

Other subtle, quirky features have been sampled from IBM's range of Selectric typewriter fonts from the 1960s. For example, the straight crossbar of the a and the downward tail on the top of the 7 take their inspiration from IBM Advocate.

F37 Neuro comes in 12 weights. Its aesthetic is accessible, characterful and contemporary – reassuringly Swiss, but with a hint of British eccentricity that sets it apart.

Lorem Ipsum is simply dummy text of the printing and typesetting industry. Lorem Ipsum has been the industry's standard dummy text ever since the 1500s, when an unknown printer took a galley of type and scrambled it to make a type specimen book. It has survived not only five centuries, but also the leap into electronic typesetting, remaining essentially unchanged.
