About

Zagma is an unusual hybrid sans font — a compelling, characterful fusion of grotesque and geometric letterforms.

Zagma blends the explicitly circular style of Bauhaus typefaces together with the gentler, more traditional shapes typical of grotesque font families. The result is a rational, utilitarian font, that's peppered with discreet flashes of character. The double-storey, lower-case g adds an unexpected, quirky touch, while the a sports a distinctive extended spur.

We've introduced subtle, horizontal and vertical ink-trap cuts at both the black and the white apexes to increase pixel clarity and bring sturdiness to the stem joints. Zagma is available in monospace and proportional styles. It comes in four weights with matching 12° slanted italics (up to 14° in the variable font) for a total of 18 styles in total.
